Professional Summary

CLOUD & DEVOPS ENGINEER | FULL-STACK DEVELOPER

Certified Microsoft Azure Specialist (5x Azure Certified) with a background in Civil Engineering, bringing structured project management and systematic problem-solving to cloud architecture and DevOps practices. Proven in designing scalable Azure solutions, implementing CI/CD pipelines, and integrating AI services. Experienced in full-stack development with React, Node.js, and PHP, along with workflow automation using n8n and advanced prompt engineering across multiple AI platforms. Combines technical expertise with hands-on infrastructure management experience.

Technical Skills

- **Cloud & Devops**: Microsoft Azure (App Services, Virtual Machines, Networking, Storage, ARM Templates, IAM, Monitoring), Azure DevOps (CI/CD Pipelines, YAML, Repos, Boards), Infrastructure as Code (IaC), Git, GitHub Actions, Docker, Netlify, cPanel, FileZilla
- **Development**: React, Node.js, PHP, .NET Fundamentals, HTML, CSS, JavaScript, Wordpress, C Programming, SQL, Database Design (RDBMS), REST API Integration, VS Code
- **AI & Machine Learning**: Azure AI Fundamentals, Azure AI Services, Prompt Engineering (ChatGPT, Claude, Gemini, DeepSeek), Google AI Studio, Perplexity, NotebookLM, Gamma, Napkin AI, Manus, Vitara, Visily, Prompt Cowboy
- **Database Management**: MySQL, phpMyAdmin, Database Concepts, SQL Querying
- **Security & Quality Assurance**: Authentication/Authorization Protocols, Security Vulnerability Testing, Debugging, Quality Assurance Testing, Risk Assessment
- **Documentation & Project Management**: Technical Documentation (PRDs, SOPs, Project Plans), Research Methodology, Agile/Waterfall Methodologies, Quality Control, Site Inspection Protocols
- **Tools & Platforms**: Visual Studio Code, Azure Portal, GitHub, n8n, cPanel, FileZilla, phpMyAdmin, AutoCAD, Microsoft Office (Word, Excel, PowerPoint, OneDrive)
- **Methodologies**: Agile/Waterfall Project Management, Quality Control, Risk Management, Site Inspection Protocols
- **Soft Skills**: Technical Communication, Cross-Disciplinary Problem Solving, Leadership, Time Management, Critical Thinking, Research Analysis, Collaborative Development

---

Certifications

Technical Qualifications:

- **Microsoft Certified: DevOps Engineer Expert** | 2025
- **Microsoft Certified: Azure Developer Associate** | 2025
- **Microsoft Certified: Azure Administrator** Associate | 2025
- **Microsoft Certified: Azure AI Fundamentals** | 2025
- **Microsoft Certified: Azure Fundamentals** | 2025
- **Advanced Web Development Certification** | Shecodes | 2024
- **Introduction to Database Concepts Certification** | Alison | 2024
- **Diploma in C Programming** | Alison | 2023

Academic and Foundational Qualifications:

- **NIDA Clinical Trials Network (Good Clinical Practice)** | 2025
- **Introduction to AI, Web Development, Coding Certifications** | Shecodes | 2024
- **Diploma in Engineering Technology (Civil Engineering)** | Durban University of Technology | 2021
- **N4 Certification in mechanical engineering** | Umbilo Private Technical College | 2017

Professional Experience

Software Development Intern

Saints Media – Durban, ZA *2025-2026*

- Developed and maintained dynamic web applications using React for front-end interfaces and Node.js/PHP for server-side logic
- Engineered complex automated workflows using n8n to integrate applications and streamline business processes
- Mastered prompt engineering techniques across multiple AI platforms including ChatGPT, Claude, Gemini, and DeepSeek
- Managed hosting environments through cPanel and Filezilla
- Designed and queried relational databases using MySQL with phpMyAdmin for efficient data management
- Implemented robust authentication and authorization protocols to secure user data
- Conducted systematic debugging and vulnerability assessments to identify security risks
- Authored comprehensive technical documentation including PRDs, SOPs, and Project Plans

Site clerk

Chushisanani Mzansi – Durban, ZA *2024*

- Managed digital workflows for stock intake/distribution and site documentation, optimizing operational efficiency through systematic organization
- Implemented tracking systems for materials and compliance documentation, demonstrating strong data management skills applicable to cloud resource administration
- Processed invoices, payment requests, and prepared technical reports for stakeholder meetings, honing ability to communicate complex information clearly

Project manager

Ijozilami Construction and Projects – Durban, ZA *2022-2023*

- Led full project lifecycles from planning through execution, managing timelines, resources, and safety protocols—directly transferable to managing DevOps pipelines and technical project delivery
- Coordinated multidisciplinary teams and vendors, developing strong cross-functional collaboration skills essential for DevOps culture and agile environments
- Conducted risk assessments and quality control inspections, applying systematic engineering problem-solving approaches to technical infrastructure challenges

Sales representative

Mr Price Group (Sheet Street) – Durban, ZA *2016-2020*

- Managed inventory systems and visual merchandising, developing keen attention to user experience and system optimization principles
- Handled stock administration and customer service operations, building strong client-facing communication skills

---

Education

Further Education and Training Certificate: Information Technology – Systems Development

Dynamic DNA – Durban, ZA *Completed: 2026*

- Relevant Coursework: Programming Fundamentals, Object-Oriented Programming, Web Development, Algorithmic Structures, Validation Methodologies, Program Maintenance, Scripting Languages, Testing and Debugging

National Diploma: Civil Engineering

Durban University of Technology – Pietermaritzburg, ZA *Graduated: 2021*

- Relevant Coursework: Structural Analysis, Fluid Mechanics, Geotechnical Engineering, Project Management, Quality Control, Site Inspection Protocols

N4 Certification: Mechanical Engineering

Umbilo Private Technical College – Durban, ZA *Completed: 2017*

- Relevant Coursework: Mechanical Draughting, Mechanotechnics, Engineering Science, Engineering Mathematics
